

Edesio da Silva Martins

Administrative/Financial Manager

For great achievements, acting is not enough, we need to dream, not only planning, but above all, we must believe. Comprehend, inspire, motivate, perform, success belongs to those who never give up, be loyal.

Edesio Martins has a bachelor's degree in accounting sciences and a Post-graduate diploma/MBA in Financial Management and Controllership as well. He started his career in a Multinational from auto parts segment, where he was able to develop all his potential in Controllership, Fiscal/ Tax, Accounting and Financial areas, with a focus on business restructuring, Compliance and consolidation of results / profitability and process automation. He also had the opportunity to collaborate in a large Brazilian Multinational company in the PVC sector as an Operational Controller, and afterwards he worked as a Regional Controller (Ecuador and Colombia) and obtained a great

deal of experience from this job. He worked as a Controller in the Pharmaceutical and Cosmetics Industry, focusing on consolidating results, processes, customers, and profitability.

He joined Cabelauto in 2019 as Administrative/Financial Manager, with the mission of supporting the Board of Directors in the improvement and automatization of processes, inventories, reliability, transparency and confidentiality of information, also giving support to the areas with business management tolls and result consolidation, providing to the shareholders the expected profitability.
