

## **Roseleila Fortes de Carvalho Vieira**

Human resources Manageress

***“ I believe that the synergy achieved with a positive organizational environment is the difference for the company to accomplish all its goals, and in addition, I see obstacles as just a way to make us even stronger for the next challenges. ”***

Roseleila Fortes de Carvalho Vieira has a specialization in Human Resources Management and is a practitioner in neurolinguistic programming. She has been working in the management of the Human Resources area at CABELAUTO for 15 years, where her main role has been to ensure the team's commitment to the challenges that have been attributed along the time.

In HR, she works in the assertive selection of professionals, in the continuous training of the necessary skills, in motivational tools and

in the development and retention of talents.

Besides, she is also responsible for managing the Health and Safety at Work area, which aims to ensure the physical and mental integrity of employees, and for the Environmental area, in which she is committed to ensuring the company's compliance with ISO 14001 and all related requirements.
